RESIDENTIAL ACCESSORY BUILDING CHECKLIST

- Completely filled out and signed application
- Cash sale document showing ownership
- State license or license exemption sheet (notarized). All general contractors and subcontractors must be state licensed.
- Flood Zone A - needs FEMA certificate and drainage plan
- Flood Zones B & C - need elevation shots
- Survey - stamped
- Drainage plan
- Plot plan with house and accessory buildings on it - also showing all setbacks
- Form Spot Survey, **prior to the pre-pour inspection**, a survey showing finished floor elevations, setbacks, centerline elevations of the roadway, flood zone and drainage detail information must be submitted to this office. *No exceptions will be made.*
- As-Built Survey, **prior to the final inspection**, showing finished floor elevations, setbacks, centerline elevations of the roadway, flood zone and drainage detail information must be submitted to this office along with pictures of the completed residential/commercial projects. Certificate of Occupancy will **NOT** be granted until this is turned in to the Building Department. *No exceptions will be made.*
- Notify your surveyor ahead of time to eliminate any delay in work. This will apply to all new residential and commercial projects.
- NOTE:** A **FEMA** elevation certificate must be submitted along with the as-built survey and drainage plan if the property is located in an "A" Flood Zone.
- One full set of stamped plans - electronically in PDF form, including foundation plans, floor plans, elevation drawings and detail drawings, including electrical, plumbing and mechanical. **All plans must meet and indicate current state building codes, design, wind speed, exposure, etc.**
- Sewer and water determination - if an extension. All extension plans have to be approved by Public Works and the City Engineer before permit can be issued.
- Right of Way (ROW), if applicable

- Tree plot plan with trees marked that need to be removed
- Verify flood zone, zoning and setbacks.
- Permit Fee (\$.25 per square foot and \$25 per inspection)
- Re-inspection fee \$100
- Verify any possible servitudes on residential subdivision plats when checking setbacks.
