May 28, 1958

To the Citizens of Covington:

The Cemetery Committee unanimously approved the plan of Southern Memorial Company for the erection of a Community Mausoleum in our cemetery.

This new application of an old idea makes mausoleum burial within the reach of everyone. The company has agreed to a very low rate of interest on the time plan. They will charge just six per-cent interest on the unpaid balance and include life insurance at no cost.

Provision for perpetual care is also included in the sales price. The building will be maintained forever from the interest derived from this fund.

Knowing this mausoleum will be a wonderful asset to our community I heartily approve.

Sincerely,

O.E. Wagner, Cemetery Committee
