C1. Bid will be postponed to Thursday, July 7, 2022 at 2:00 pm.

**CCE PROJECT NO. 120-104
ADDENDUM NO. 5**

C2. Question: What exactly is the stump grinding bid item for? It seems like all the trees near this project are big, older trees.

Answer: The stump removal / grinding item was added as a contingency because there are known stumps under the roadways in the subdivision. Many were encountered on a similar project on the south end of the same subdivision. No specific tree stumps have been identified within the project area during the design phase; however it is anticipated that some stumps may be encountered upon removal of the roadway and installation of the drainage structures.
